

ADVENTURE AWAITS

2022 CATALOG

THE CHILLY MOOSE STORY

We at Chilly Moose have a deep love of exploring the outdoors - a desire to always explore around the next bend and over the next hill. Much of our family life is spent planning upcoming adventures, whether it's re-visiting our favourite Northern Ontario retreats, or stumbling upon lesser travelled places around the world. In all our travels, one thing remains constant: our gear. We take the same types of coolers, bottles and packs with us each time, but have never found anything we truly love using. Other outdoor companies simply didn't suit our needs, didn't suit our wallets, and really just didn't reflect our (for lack of a better word) "Canadian-ness".

Our hard-working parents instilled in us the value of investing in high-quality,

long-lasting gear, pieces that should last you a lifetime. Yet we also believe that high-quality gear doesn't have to come with a sky-high price tag. We want outdoor gear that is well-made, durable, functional and with a true Canadian feel.

Thus Chilly Moose was born! We are excited to introduce the world to exceptional outdoor coolers, drink ware and gear. This classically Canadian collection is meticulously curated for discerning outdoor adventure seekers, and also for cottagers, day-trippers, jet-setters, fitness enthusiasts, busy parents, downtown commuters, students and beyond.

Your next adventure awaits! Grab your Chilly Moose and bring a little piece of the Canadian outdoors everywhere you go.

Chilly Moose & Georgian Bay Leisure are proud to support the **National Greening Program** of **Tree Canada**. See page 9 for details.

THE VERSATILE, AC/DC-POWERED, PORTABLE FRIDGE/FREEZER FOR YOUR VEHICLE, CAMP, COTTAGE OR HOME

The ultimate companion to accompany all your outdoor adventures - camping, boating, hunting, fishing, RV-ing, or just about anywhere!

LCD DISPLAY
RUGGED HANDLES

REMOVABLE BASKET
INTERIOR NIGHTLIGHT

LID RECESSES FOR
CAMPSITE DRINKS

THE MOOSE - 35L

Keep the food fresh and drinks cold for your crew without ice taking up valuable cooler space. Stay out fishing a little longer, confident that you don't have to worry about melting ice. And just think of the look on the kids' faces when you surprise them with ice cream sundaes at your campsite!

- Clear LCD display.
- Digitized temperature adjustment from 10°C to -18°C (50°F to -0.4°F).
- Fast and efficient cooling.
- Rugged construction for long-term use in harsh environments.
- Quiet operation below 45 decibels.
- Includes adapters for home and vehicle use.
- Includes removable basket.
- Lid recesses for campsite drinks.
- Interior LED nightlight.

OUTLAST THE OUTDOORS

HIGH PERFORMANCE COLD OR HEAT RETENTION

OUR PRIORITY IS TO PROTECT WHAT WE LOVE MOST

Our love of parks, the outdoors, and easy access to clean water, fuels our desire to fiercely protect them all. We have never been a “buy and toss” family - reusing and recycling are natural habits for us and our children.

You can help reduce your impact on our fragile planet by using reusable drinkware. All of our products are designed to last as long as you do.

Imagine how many single-use containers you could save from going into the garbage by using — and reusing — Chilly Moose drinkware!

#bethechange **#chillymoose**

DOES EVERY CHILLY MOOSE COOLER COME WITH A TREE? WELL, SORT OF

Chilly Moose and Georgian Bay Leisure are extremely proud to partner with **Tree Canada** in support of the **National Greening Program**.

The National Greening Program is mass seedling plantings across Canada, where there is a need for reforestation or afforestation. In addition to the restoration of forests and wildlife habitat, trees planted through the program contribute to cleaner air, cleaner soil, and cleaner waterways.

For every 25L or 35L Chilly Moose cooler sold in Canada, Georgian Bay Leisure will donate **one tree** for planting. For every 55L or 75L Chilly Moose cooler sold, **two trees** will be planted. As an added touch, the trees will be planted in the same region of Canada where each cooler is sold.

While your Chilly Moose won't actually have a tree in it, you can be proud that your purchase helps support healthy forests in Canada.

Far from the hustle and bustle of the modern world.
A place of majestic icebergs, untouched coast lines, and profound serenity.

Inspired by the white marble of the Canadian east coast,
Chilly Moose is proud to introduce our newest colour range of drinkware.

BRENT QUAD - 14OZ

Meet the Brent Quad: our new 4-in-1 insulator and tumbler. Versatility and added value are the inspiration behind the Brent Quad Insulator. Engineered to fit a standard can, standard bottle and tall boys (but not slim cans). Feel like having a stiffer drink instead? No problem, simply switch the lid and now you've got a 14oz tumbler that will keep your libation icy cold, or your swig of caffeine piping hot. Double-wall, vacuum insulated premium stainless steel, easy to clean, no sweat exterior and comfortable to hold. Hand wash recommended.

Includes a removable, mini, sealed ice puck that sits in the base of the cup under your bottle or can to keep your beverage ice cold for even longer!

CANISBAY MUG - 170Z

The upgraded 17oz Canisbay is your go-to insulated mug, designed for life in the great Canadian outdoors. We've added an extra 5oz so you can enjoy more of your favourite beverages at home or on the go. Built with double-walled vacuum insulated stainless steel, the Canisbay Mug keeps things piping hot for up to 6 hours, and refreshingly cold for over 8 hours. Designed with an extra wide mouth that allows you to use this versatile mug for coffee and cocktails, but also for chili or hot chocolate around the campfire. The clear sliding lid is easy to remove, easy to clean and spill-resistant.

DON'T LOSE YOUR COOL!

UNIQUE DRINKWARE ACCESSORIES

CHILLY ICE ROCKS

Set of 8 reusable ice cubes. Avoid diluting your next party with melting ice and watered-down drinks. Chilly Ice Rocks will keep your expertly crafted cocktails flowing and your party rocking! Also handy for quickly cooling that too-hot beverage so you can enjoy it immediately. Made of beverage-grade premium stainless steel, reusable, environmentally friendly, safe to use and easy to clean. Great replacement for real ice cubes - will not dilute or alter the taste of your beverage. Store in your freezer until needed. Includes silicone tipped stainless steel tongs and food-grade plastic freezer case.

SKU BWCUBE

MSRP
\$29.99

CHILLY BEER ICICLE

The Chilly Beer Icicle is your beer's new BFF. Made from high-quality stainless steel, this eco-friendly chiller is easy to use, easy to clean, and will keep your craft brew icy cold until your last sip. Simply freeze the Icicle, pop it in the neck of your favourite bottle and sip effortlessly straight from the Icicle. Perfect for your next hot summer party - and a great unique gift for beer enthusiasts. Set of two - for sharing!

SKU BWBEER

MSRP
\$19.99

CHILLY WINE ICICLE

The Chilly Wine Icicle and Aerator will keep your whites and rosés crisp, cold and ready to serve without watering them down. Chill the stainless steel icicle in your freezer for at least 60-minutes, then attach the twist-on spout and place in the wine bottle. The spout includes a rubber stopper and is perfectly tapered to prevent dripping while you pour your favourite vintage. Salut! Suggested wine bottle size: 25.6 cm tall with 1.6 cm opening.

SKU BWWINE

MSRP
\$17.99

PACK LIKE A PRO

GET THE MOST OUT OF YOUR CHILLY ICE BOX

PRE-CHILL BEFORE PACKING

Pre-chill the cooler with ice packs or crushed ice at least 1 hour before packing. Also, make sure food and drinks are frozen or cold before going into the cooler.

USE SOLID ICE CUBES & ICE PACKS

Cubed ice is bet for keeping food colder for longer. You can fit more of it into available space. More cold ice equals less warm air. Pack in as much as possible, right to the top!

FOOD & DRINK FIRST, ICE LAST

Cold air travels downwards. Load your cold drinks and food first, then fill to the top with cubed ice. This displaces the warmer air and will give you maximum ice retention.

KEEP OUT OF THE SUN

Be aware that a tent, trailer, or car can all get significantly hotter than the outside temperature. Where possible, store your cooler outdoors and out of the sun.

KEEP THE LID CLOSED

Go into the cooler only for what you need, then shut and latch the lid immediately so you're not unnecessarily venting cool, beneficial air. Consider a separate cooler for frequently accessed items, like drinks.

COOLER CARE

Clean using a mild soap and warm water. Air dry thoroughly with the lid open before storing to avoid mold and mildew.

CAN YOU KEEP A SECRET?

Like waves crashing on the shore, something exciting is coming!
Watch for a new Chilly Moose offering available to our dealer network.

BUILT TOUGH TO STAND UP TO ALL YOUR ADVENTURES
